APM/16/03/02 Chairman's Report

In May the Council started a new 4 year term of office.

The planned works on the playing field have now been completed with the installation of a hard surface.

Contact with West Lindsey District Council over the section 106 agreement, which was part of the Cricket Meadows estate planning consent and included an Amenity Area for residents, is still ongoing. West Lindsey District Council are the authority that made the agreement.

The Village Hall car park which is owned by the Parish Council has been the subject of debate by the Council. In view of recent developments it was resolved that in order to limit the Council's liability, any through access would be blocked and a notice placed as a reminder that the car park is for those using the hall. A number of years ago the Parish Council passed a resolution allowing the village hall committee to manage the car park on behalf of the Council.

Work has started on the second phase of the estate. It is not yet known when it will be completed.

Again the Parish Council has not increased the precept. Whilst the amount for householders may have varied the Council has asked for the same amount of £6140.00 from West Lindsey District Council going back to 2008/9. The Parish Council has sufficient funds to enable it to maintain its obligations to the village. A point to note is that with the increase in houses being built on the new estate this will increase monies available to the Council and could offset any necessary increase in the future.

APM/16/03/03 Financial Report

The Clerk gave a report on the financial status of the Council.

APM/16/03/04 Parishioner's Questions
